

THE PARTICIPATIVE INNOVATION PROGRAM
LIGHT ON STRESS & ADDICTION
SEPTEMBER 6th – 10th 2021 AT PARIS BRAIN INSTITUTE

A programme involving several expertises

- Research and higher education
- Healthcare & patient advocacy
- Industry

Open to all participant profiles, this intensive training program offers a combination of lectures and practical work on neuroscience and entrepreneurship. Participants will gain a new perspective on the need to innovate and making a real difference for patients; research and development; and health care systems.

All the participants will have access to a crash course on the latest developments in stress & addiction and marketing.

Programme managers :

Clarisse Marie-Luce scientific-affairs@icm-institute.org - 0157274686
